Critical thinking is the objective analysis of facts to form a judgment. The subject is complex, and several different definitions exist, which generally include the rational, skeptical, unbiased analysis, or evaluation of factual evidence. Critical thinking is self-directed, self-disciplined, self-monitored, and self-corrective thinking. It presupposes assent to rigorous standards of ...

Based on lectures delivered ca. 1920, this critical history of Greek philosophy was very good, and promoted a good and basic understanding of the beginnings of philosophy, and it would seem that Greek philosophy is the beginning of all subsequent philosophy.

A Critical History of Greek Philosophy: W.T. Stace

Critical theory is a school of thought that stresses the reflective assessment and critique of society and culture by applying knowledge from the social sciences and the humanities. As a term, critical theory has two meanings with different origins and histories: the first originated in sociology and the second originated in literary criticism, whereby it is used and applied as an umbrella term ...
