a handweavers source book pdf

Mining. Copper mining is reported to have begun in the Avoca River valley around 1720 and it continued, with interruptions, until 1982. Earlier mining, perhaps dating back to the Bronze Age, may have occurred. The East Avoca site, today, is composed mainly of a number of rock waste spoil heaps, abandoned quarries (Cronebane and East Avoca open pits) and disused roads.

Avoca, County Wicklow - Wikipedia

Modern powered spinning, originally done by water or steam power but now done by electricity, is vastly faster than hand-spinning. The spinning jenny, a multi-spool spinning wheel invented c. 1764 by James Hargreaves, dramatically reduced the amount of work needed to produce yarn of high consistency, with a single worker able to work eight or more spools at once.

Hand spinning - Wikipedia

Easier - Weaving means to make cloth and other objects. Threads or strands of material are passed under and over each other. Harder - Weaving is the process of making cloth, rugs, blankets, and other products by crossing two sets of threads over and under each other.
