

**abc vowels cantonese chinese pdf**

HÃ nyÇ” (Chinese) written in traditional (top), simplified (middle) characters and alternative name (bottom)

**Chinese language - Wikipedia**

An alphabet is a standard set of letters (basic written symbols or graphemes) that represent the phonemes (basic significant sounds) of any spoken language it is used to write. This is in contrast to other types of writing systems, such as syllabaries (in which each character represents a syllable) and logographic systems (in which each character represents a word, morpheme, or semantic unit).
