Hi Stu. Actually it probably isn't because it's a custom object class - I've done custom objects without any trouble. You need double-check that all the attributes are spelled correctly in your CSV, that you have MPRs giving you permission to create them, all required attributes set - that sort of thing.

missmiis : Using powershell to update FIM Portal objects

After installing FIM, you will need to start configuring the Sync Service so that you can start to get data into and out of the Portal This post shows you how to configure the FIM Management Agent.
