

afghanistans security environment pdf

This report provides updated information on (1) the security situation as gauged by trends in enemy-initiated attacks; (2) challenges for U.S. reconstruction efforts posed by security conditions; and (3) recent increases in U.S., coalition, and Afghan troops and U.S. civilian presence.

Afghanistan's Security Environment - Defense News

The major environmental issues today for Afghanistan are soil degradation, air and water pollution, deforestation at an alarming rate, overgrazing, desertification, and over population in its already fragile urban areas.

Afghanistan's Environment - afghan-web.com

Food security in itself is not a cause of violence and instability, but combined with other factors it can certainly exacerbate it. Water security is intimately linked with food security in Afghanistan, and food security is in turn linked to socio-political stability.

Afghanistan's Food and Water Security Challenges - Future

Get this from a library! Afghanistan's security environment. [Charles Michael Johnson, Jr.; United States. Government Accountability Office.] -- We previously reported on security conditions in Afghanistan in November 2009. This report provides updated information on (1) the security situation as gauged by trends in enemy-initiated attacks; ...

Afghanistan's security environment (eBook, 2010) [WorldCat

Based on this review, and recognizing the vital U.S. interest in addressing security threats posed by extremists in Afghanistan and Pakistan, the administration announced a strategic goal of disrupting, dismantling, and eventually defeating these extremists and eliminating their safe havens in both Afghanistan and Pakistan.

Afghanistan's Security Environment - Digital Library

not only the security services, but also informal groups such as the Afghan Local Police (ALP). -Mining security: NATO should encourage the Afghan government to use specially trained, vetted and accountable units of the Afghan National Police to provide security to extractive operations, rather than military forces.

Afghanistans themselves by exploiting Afghanistans natural

Afghanistan's war is fueled by support from within Pakistan for Taliban insurgents, and by poor governance within Afghanistan, including entrenched patronage systems and corruption, and a weak rule of law. The withdrawal of international combat troops between 2011 and 2014 left a fragile security environment and a struggling national economy.

The Current Situation in Afghanistan | United States

The growth and strengthening of Afghanistan's domestic security forces is seen as key to an eventual U.S. exit, but some analysts caution that progress will remain slow.
