The American family has come a long way from the days of the idealized family portrayed in iconic television shows of the 1950s and 1960s. The four volumes of The Social History of the American Family explore the vital role of the family as the fundamental social unit across the span of American history.

### **[PDF] Download The Social History Of The American Family**

An American family composed of the mother, father, children, and extended family. The traditional family structure in the United States is considered a family support system involving two married individuals providing care and stability for their biological offspring.
