In the 1720s and 1730s, Jean-Baptiste Oudry established himself as the preeminent painter in France of hunts, animals, still lifes, and landscapes. Oudry's Painted Menagerie focuses on a suite of eleven life-size portraits of exotic animals from the royal menagerie at Versailles, painted by Oudry between 1739 and 1752.

animals you face and consider the animal world from the perspective of the animals. Where people see a gopher popping out of a hole, the gopher sees fear of hawks and a desperate struggle to find food. The key to dramatic wildlife photography is to consider what threatens the animal you photograph and then to tell that story in just one frame.
