Students really like Shri Arvind Raj Jajware's joyful teaching methods. He has made a significant contribution in enhancing enrolment and attendance in his school in Jharkhand.

Government of India, Ministry of Human Resource Development

A computer resource is any physical or virtual component of limited availability within a computer or information management system. Computer resources include means for input, processing, output, communication, and storage. Natural resources are derived from the environment. Many natural resources are essential for human survival, while others are used for satisfying human desire.

Complexity characterises the behaviour of a system or model whose components interact in multiple ways and follow local rules, meaning there is no reasonable higher instruction to define the various possible interactions.. The term is generally used to characterize something with many parts where those parts interact with each other in multiple ways, culminating in a higher order of emergence ...
