Acupuncture points and meridians - Acupoints & meridians

Meridians are the pathways of qi (chi) and blood flow through the body. Qi flows continuously from one meridian to another. Any break in the flow is an indication of imbalance.

Meridian Healing System Based on Eastern Medicine

The yang meridians run down the body and the yin meridians flow up the body. Each meridian is also related to an element. Each meridian is most active at a certain time of the day or night and each meridian is influenced by an element or season.

Science Finally Proves Meridians Exist - UPLIFT

As shown in the above chart, qi is more prevalent in different meridians at different times. For example, from 3am to 5am, meridian qi mainly flows through the Lung Meridian and enters the Large Intestine Meridian at 5am-7am, and then the Stomach Meridian from 7am-9am. In this way, the meridian cycle is continuous as the qi flows through the body.
